

# Knives

## LEATHERMAN®

Leatherman has been designing their unique range of tools since 1975. Since then, their advanced range of knives, multi-tools and accessories has seen them evolve to be one of the strongest competitors in the knife and multi-tool industry. Leatherman's designs consist of a multi-use tool by combining full-sized pliers with a pocket knife and lockable blades. The new products feature some of the best innovations and materials available in the world today, and as a consumer, you can't go wrong with a 25 year warranty.

### Leatherman Wave

Buck Knives have been manufacturing quality knives since 1902, and were the first to produce the folding 'Lock-Blade' knife. They provide a large range of knives for hunters, domestic use blades and everything in between. Buck Knives are built to last, but just in case Buck offers a lifetime warranty for their product range.

Winchester knives have been produced since 1866. Earning their reputation as "The American Legend", these knives are built with tradition, experience and fine quality. The handles are put together to compliment individual blades, creating a knife engineered for strength, reliability and priced for exceptional value.

## MUELA SHEATH KNIVES

For generations, the Muela family have manufactured their famous Spanish hunting knives. Utilising tough Moly-Vanadium stainless steel, each Muela knife is both handsome and functional with handle materials including Red Stag antler, exotic stabilized hardwoods and Pakawood. All Muela Knives are built to last and carry a one-year full replacement guarantee.

Spyderco offer a range of smaller knives that are capable of delivering high class performance. Their unusual shapes and designs allows any user to handle the knife with precision and ease. The Spyderco range is made from the best material ensuring that you are buying a high-quality, reliable cutting tool designed for peak performance and ergonomic comfort.

Pacific Cutlery boasts the knowledge of over 20 years experience with creating and selling knives. Their range is made with precision to provide the finest material and ensure dedication to quality. The blades are made from high quality, treated steel to prevent damage and contamination. With top grade performance, Pacific Cutlery products are simply made to please.

Due to company policy knives, machetes or bayonettes, including Swiss Army Knives, will not be sold to persons under the age of 18 years.
